**Problem Description**

As the Mother of a 6 yr old girl. I am truly and deeply concerned where our country is going. A show like "skins" "teen mom" and "jersey shore" do nothing for our youth and convey that sex, drugs and babies is the norm for a teenager. I would like to file a complaint with all of these shows being aired!! They are disgusting! Why can't they find a show with a positive spin to teens? Is this so hard? Must everything contain sex? MTV should be removing all of these shows they are not helping our kids!!!!

**Problem Description**

To Whom it May Concern:

I am a long time viewer of MTV and although I don't enjoy every program offered by their your network, I have never had an issue with their offerings.

However, as a parent of pre-teens, I was appalled to view (simulated) sex acts, drug usage, and underage drinking by what were clearly minors.

I was under the impression that this constituted child pornography.

I hope that you will take immediate steps, to include criminal action, to remove this truly awful program from the "airwaves". This program is appalling in every sense of the word it glorifies and celebrates underage drinking, drug use, and teen sex.

I will be modifying my cable package in order to remove access to this channel.

Clearly, MTV placed shock value and ratings above the welfare of its largest demographic, teenage viewers.

Thank you for your time.

Sincerely,

kpb

Let's see, minors using drugs, minors drinking, minors having sex, broadcast of minors in various degrees of nudity. MTV needs to be investigated! If we believe that these are good behavioral practices for our teens then what are we to expect from them when they become adults, because they will grow up.

If Janet Jackson and Justin Timberlake had to publicly apologize for a mistake during the half time show, then why is type of show being aired using the same people we said at that time that we had to protect.

The content and sexuality of children portrayed by children however true to life it may be is inappropriate for all audiences. It also exploits the children portraying the roles to an audience that may contain individuals that actually enjoy viewing this type of suggestive sexual contact. Let those people continue to rent their soft porn from companies regulated to insure adult actors making their own decisions. Let the rest of us not be subjected to this type of junk.

This program depicted blatant teenage drug use and sexuality amongst very young teenagers. It showed partial nudity of underaged teenagers. I feel the material qualifies as not only obscene and indecent, but probably as child pornography. I suggest that MTV should receive harsh fines for choosing to air this program knowing full well that its content crosses the line. I also believe that criminal charges should be filed against those who are responsible for producing this program.

A program called Skins is to air on the MTV network and I know it is not appropriate for viewing. As a person of faith I will not allow myself or my children to watch this show. Not one person with a belief in GOD should watch or promote shows that will have our youth spiritually disconnected from GOD. The show is geared towards teenagers and the very idea the show is about should not be aired on television. Children should not be watching this type of material considering the rise of STDs and sexual relations of our youth. This show is not appropriate for children. Children and teenagers should not be acting in this show or even viewing it. I asked that it be removed from the air.

**Problem Description**

To Whom This May Concern,

I would like to file a complaint against MTV for promoting teen sex and drugs to our youth of America through a series entitled, SKINS. If the center of this show is based on the concept that this is the life of a modern day teen, it does not seem to offer any solution or truth of consequences for teens who live such a lifestyle. It is sad the entertainment industry thrives on the idea that sex sells, but what happens if from 5 to 10 years from now, where this kind of sex shown on TV programs to influence or encourage our preteens and teens to believe that this is the norm, cuts their lives in half and they end up dying young due to AIDS, STDS, or Rape? What happens if 10 to 20 years down the road, our population declines because of a high rate of young women becoming sterile due to living a colorfully painted lifestyle approved by MTV, at a young age? MTV is doing a MAJOR DISSERVICE to our children by promoting the idea of there being no consequences in engaging in a free sexual lifestyle.

The new show called "Skins" involves minor children buying drugs, talking about narcotics, sex, and also showed a vegetable carved into the shape of a (excuse my french) penis. The show also showed minors drinking, driving under the influence and stealing vehicles. This show was extremely disturbing, and should not be on a network that, so many minors have access to. I don't believe shows rated TV MA should be on a network widely viewed by minors ages 12-18. If you don't believe me, you can see for yourself when the show airs Monday 01/24/2011 at 10:00 PM on MTV.

This Program is anything appropriate to be showing to any of our youth. It contains explicit drug use alcohol, and sex among teenagers that aren't even 18, which makes it even boarder the lines of the anti child pornography acts. Show such as this, make it seem ok for a teenager to practice such acts themselves with the false sense of security in thinking that "Everybody's doing it." We cannot allow this show to get teenagers to indulge in this type of behavior.

The entire idea of a show, entitled "skins", promoting sex, drugs, criminal and perverse behavior by teenagers, is not only highly offensive but highly morally destructive. In a nation already consumed by low values and morals exhibited by far too many teens, to create a show that I believe, does nothing more than entertain and not enlighten, real life teens with these very same characteristics, is setting a dangerously irresponsible precedent and standard that will continue to produce disastrous results by our American teens. I find this tragic excuse of a TV program absolutely disgraceful to everything decent and good that still remains in this country.

I do hope you are the correct person to contact about this issue and please understand my concerns. I am contacting you about the new show Skins that is airing on MTV. This show is so inappropriate and irresponsible for MTV to air.

Publicizing drinking, sex and drugs towards children of young ages is a low, even for MTV. I thought we hit rock bottom with stupid shows like The Jersey Shore and the many teenage pregnancy shows that seem to have been hitting the air waves but this is such a disgrace. The fact that these teens are under 18, and being shown in sexually explicit scenes is child pornography. Hopefully others, with the proper authority, step up and pressure MTV/Viacom to take this trash off the network.

It just goes to show that when a buck can be made we will sink to our lowest depth.

**Problem Description**

The television program known as "Skins" has a TV rating of TV-MA, meaning its design is for viewers who are adult, over the age of 17. But this series has, according to a Fox News article, 1.2 million viewers under the age of 18, which is a third of its total audience. 1.2 million CHILDREN watching "foul language, illegal drug use, illegal activity as well as thoroughly pervasive sexual content." The show airs at 10:00 pm which I believe is too early but regardless, the subject matter is too mature. I am 20 years old and a Christian. I can only speak for myself and my God when I say I would NEVER let any child of mine watch such filth. This show does not portray real life, but an exaggerated idea of what teenage life should be doing what you want and having no regard for consequences. I desire to be a mentor and an advocate for children who have been abused-who have seen too much too soon. So I can say with surety that there is ENOUGH sex, drugs, and recklessness in the high schools and on the streets. The last thing teenagers need to see is the same thing glorified on television. There is the frightening reality that "Skins" encourages the same reckless behavior in real life. An example was shown in the following article where 20 police and a helicopter had to forcibly end a "Skins Party" (<http://www.telegraph.co.uk/news/uknews/1580774/Skins-party-wreaks-havoc-in-suburban-street.html>) As a former viewer of the original series, I know the negative impact this show places on a impressionable young mind. And so I ask, please have Skins removed from the network. Thank you.

Best regards

**Problem Description**

"Skins" is borderline child pornography! I can't understand how this show got past the FCC. This show is cast with teen and preteen characters drinking, having sex, showing their underwear, in compromising situations it is definitely going to have some very dangerous repercussions for our young children. How can anyone allow something like this air! It is no wonder our country is declining in the manner it is there are no morals and values left. For me to have basic cable and am able to run across borderline child pornography in my home brings me to tears... yet the police department will arrest a pedophile... this network is no better than the child predators they should truly be arrested. You guys are going to have to do better than this there is no way such a show should have ever been allowed to air. Im sorry if I sound rude, I am truly saddened and concerned about the airing of "Skins" and what it will lead to. Please take this show off the air ASAP!

The show exploits children in the name of showing the real issues teenagers face. There is nudity, masturbation, strong sexual content and drug use. For a show that is for teenagers with a rating of tv MA is clearly not for teenagers. If it was a show for teens it would be suitable for teens with a rating of tv 14. It is child pornography and MTV must be investigated for possession of child pornography. Filthy show that must be removed.

As a socially liberal parent of a teenager, I find Skins on MTV to be truly obscene. If it is acceptable to portray irresponsible sexuality of minors using minors, this country might as well abolish the laws against child pornography. We have a responsibility as a society to protect minors from these types of completely exploitative, explicit sexual portrayals. I hope the FCC will not (in a misguided attempt to protect the "right of freedom of speech") overlook its responsibilities to prevent this egregious and illegal flouting of the right of minors to be free of sexual exploitation by this reprehensible show.

Take this garbage off of television - there is no reason that children (teens) should be viewed by other teens as engaging in sexually explicit behavior. Also, where the hell are the parents of the actors? And what about the perverted men/women who will watch this show. Come on MTV - have some morals!

**Problem Description**

It's kind of a no brainer here. This program is highly inappropriate and condones the kind of behaviors that so many 'concerned' parties claim to want to stop. Yeah right! Is it a wonder that so many of our children are engaging in sexually promiscuous behaviors? I don't believe it is a program that is trying to show the 'negative' side of being sexually active, as in trying to teach them a lesson about making choices. No, in fact, I think it is a 'reverse psychology' method of further desensitizing not only our youth but older people as well towards engaging in risky behaviors and full acceptance of them. In a nutshell, "SKIN" is garbage and needs to be thrown exactly where the garbage belongs. In the trash!

**Problem Description**

Underage sex, heavy drinking, drug use. MTV is a station that markets to high school students. However, with this comes the understanding that they have a large market with underage children (ranging from junior high to high school). Knowing that this is their target audience, they should have SOME sort of responsibility to produce programming that doesn't showcase a 'drama' series about young high school kids sneaking behind their parents back to do drugs, go to drug/sex parties and partake in very unsafe activities. Unlike Jersey Shore which, although it has heavy drinking, sex and partying also uses real people that have real consequences (for instance, Snooki got arrested in an episode just last week), Skins makes sneaking around as an underage adult sexy. I don't mind as much if kids watch Jersey Shore and think the characters are sexy and partake in that when they are in post-college (like the characters on the show) because they can do that when they get that age. BUT to showcase young teens doing lude acts and doing drugs glamorizes a lifestyle that shouldn't be glamorized for underage kids. Watching it and seeing high school kids acting this way would show incoming high school kids what 'high school' is like, making them feel like this is the way they should act and the activities they should partake in. It is NOT okay!

**Problem Description**

I am asking the FCC to investigate the MTV production of Skins. If this the producers of this show depicts CHILDREN as news reports say it is a violation of the law.

Sexual abuse includes activities by a parent or caregiver such as fondling a child's genitals, penetration, incest, rape, sodomy, indecent exposure, and exploitation through prostitution or the production of pornographic materials. Sexual abuse is defined by CAPT A as "the employment, use, persuasion, inducement, enticement, or coercion of any child to engage in, or assist any other person to engage in, any sexually explicit conduct or simulation of such conduct for the purpose of producing a visual depiction of such conduct?"

Failure to protect and employment/exploitation of children is against the law. If an adult outside of the entertainment industry PAID children so they could VIDEO tape them in order to MAKE A PROFIT they would be prosecuted for SEXUAL ABUSE, EXPLOITATION, AND PROMOTING PROSTITUTION of minors.

Please don't let them put this show on the air. And if they have exploited children to make the show-then they should be prosecuted.

Thank you.

The whole damn show! I don't know of ANY 15-16 year olds that act this way!  
 Sure there are kids with one or more of these types of issues, illicit sex, pornography, drug usage, drug selling, but this is  
 NOT something that most kids in this country partake in. Maybe it's more prevalent on the West Coast, but certainly not in  
 the Mid-West.  
 Do we REALLY have to put ideas in kids' heads. Talk about taking society down into a hole!

**Problem Description**

I don't have to even watch an episode to know its content at this point. For the past week and a half MTV has bombarded its Network with commercials bombarding Viewers about this new show "Skins" so obviously at all hours of the day Half naked chicks/dudes making out, smoking weed, drinking and blowing each other. In specifics a female was talking about how she had sex with this other female and she wanted nothing to do with her anymore because she was not "interesting enough but she had fun". Of course you get to see all of these images and the show hasn't even started. I say show the show at 10pm and limit advertising to late night television as well. There is no reason why all through the entire day into the night they need to advertise in detail people fucking each other underage while still living with mommy and daddy. It seems that this might be a direct replication of the current generation and simply makes these shows that much cooler to watch at 18 years old. Me being 25 and a Male, this is strange to write that I am upset with viewing half naked females running around on TV, but Damn it I am a parent and this is ridiculous. Its like Hello 1970's, promiscuous sex is cool and so is drug use be free with the doves and homosexuality is totally in. "Everybody is doing it" I digress, The only real problem is the content is unavoidable and no matter that mature level set by MTV my 2 year old can see this show and all of its content via advertising during breakfast lunch and dinner... She doesn't because we censor this crap, but to the many parents who don't pay attention to their kids this show is making being a degenerate look cool with dicks and vagina's or dicks on dicks or vagina's on vagina's. "to help the FCC determine whether the material was obscene, profane, and/or indecent" Watch an episode and imagine showing majority of the clips on daytime tv. Hope this helps! ██████████ 66

This program is child pornography.  
Period. Cut and dry.  
If any man in the USA were investigated and found to have this on his computer, he would be put in jail.  
Do something about this, to stop it, and to punish those involved in filming and airing it.

I found the sexual content and heavy drug references very offensive and vulgar. The very premise of the show is indecent considering the show is attempting to portray your average teenagers. Talking about young teenagers using "good narcotics" and getting their "cherries popped" is concerning.

**Problem Description**

This show is obviously pornographic, and it is beyond my belief that MTV believes that it is legal and acceptable to depict children having sex. TV programming has become so graphic that our children expect this kind of programming, and it is teaching many of them things that they did not already know. MTV presents an argument that they are depicting real-world situations, but this is baseless. If it is illegal and morally reprehensible, it doesn't matter if it is reality. If someone was murdered during production of show, could they also claim that was a reality and therefore not illegal? No.

Also, it presents an idea to the rest of the world that this is a normal environment for teenagers, but this is only true for a segment of the teen population, not all teens. There are many teens in this country who are mature enough to choose a better lifestyle than sex and drugs, and we should recognize them for it, not the ones who are breaking the law in every way, shape, and form. Thank you for considering legal action against MTV for promoting and encouraging child porn.

**Problem Description**

This show was heavily promoted during the hit show Jersey Shore, which has the highest rating of Teens under 18 (MTV knew what they were doing). Everytime premiere scenes were shown, it was everything we try to to teach our children not to do. The show promotes drug and alcohol abuse with the key focus on sex. I'm 25 years old and I am repulsed by this show. This show is geared toward high school students and should be pulled from the network immediately!

**Problem Description**

The cable television show Skins on MTV is appalling. Children will and do view this. They will learn from this show about sexual actions and begin to accept it as their core focus of adolescents. Children need to be focused on school work and not sexual activity. We don't need children to focus so much on their body image by watching these shows. We need children to learn to become responsible adults. This show contributes nothing to a society. The show does represent what happens in life. Parents need to deal with that. Not television. The content (sexual) is appalling when the stars are children. This freedom of speech is not what our Founding Fathers had in mind.
